

# Table of Contents

## Chapter 1: **Health, Safety and Environment Programs**

Safety Policy Statement.....	1
HSE Meetings .....	1
Safety Inspections and Logbooks .....	2
Health Safety and Environment Committee.....	2
Job Safety Analysis .....	2
Incident Reporting Procedures .....	6
Personnel Selection.....	7
Visitor/Service Personnel Orientation.....	8
Health Safety and Environment Management Plan.....	8
Job Safety Analysis Form .....	11
New Arrival Reception Outline.....	12

## Chapter 2: **General Guidelines and Health Control**

General Housekeeping.....	13
Sanitation .....	14
Personal Hygiene .....	15
Alcohol, Drugs and Firearms.....	15
Fitness for Duty .....	15
Smoking .....	16
Horseplay .....	16
Proper Lifting Techniques .....	16
Chemical Hazard Communication.....	17
Naturally Occurring Radioactive Material (NORM).....	17
Heat Stress and Heat Related Conditions.....	18
Cold Weather Considerations.....	21
Bloodborne Pathogens.....	21
Model Exposure Control Plan.....	24

---

## Chapter 3: **Equipment Safety**

Electrical Equipment .....	31
Control of Hazardous Energy—Lockout/Tagout .....	34
Hand Tools .....	35
Drill Pipe   Collar Slips and Elevators .....	36
Spinning   Cathead Chains and Breakout Tong Cable (Line) .....	36
Lifting Slings .....	37
Catheads .....	38
Hoists (Winches   Tuggers).....	39
Pipe Tongs and Lines .....	40
Rotary Table Area .....	41
Portable Ladders .....	41
Decks, Floors and Walkways.....	42
Equipment Guarding .....	42
Derricks and Masts.....	43
Pipe Racks and Bins .....	44
Derrickman’s Escape Device .....	44
Drilling Line, Crown Block and Traveling Block.....	44
Drawworks, Brakes, Clutches and Sand Reel.....	45
Mud Pumps and Equipment .....	45
Mud Pits and Equipment .....	46
High-Pressure Lines and Fittings.....	47
Engines .....	47
Air-Operated Equipment.....	48
Blowout Prevention Equipment.....	48
BOP Accumulators, Pulsation and Suction Dampeners .....	49
Stabbing Board.....	49
Handling Tubulars.....	50
Electrical Area Classifications .....	52
Illustrations .....	57

## Chapter 4: **Personal Protective Equipment**

Personal Protective Equipment.....	59
Head Protection.....	59
Fall Protection.....	59
Eye and Face Protection .....	60
Safety Shoes/Boots.....	60
Hearing Protection.....	61
Respiratory Protection .....	61
Proper Clothing.....	61
Electrical Protective Equipment.....	62
Hand Protection.....	62
Permissible Noise Exposures.....	63

## Chapter 5: **Fire Prevention, Fire Fighting and Fire Control**

Fire Prevention.....	64
Fire Protection .....	65
Emergency Fire Fighting Teams .....	66
Fire Control.....	66
Classes (and Combinations) of Fires .....	66
Portable Fire Extinguishers .....	67
Fixed Extinguishing Systems.....	68
Illustrations .....	70

## Chapter 6: **Welding and Cutting/ Compressed Gas & Oxygen Cylinders**

General Precautions—Welding, Cutting, and .....	70
Other Spark/Flame Producing Operations	
Protective Equipment.....	70
Hot Work Permit .....	71
Preparatory—Precautions .....	71
Maintenance of Tools and Equipment .....	72

Specific Precautions—Arc Welding .....	72
Specific Precautions—Gas Welding and Burning.....	73
Compressed Gas and Oxygen Cylinders—Storage .....	73
Cylinder Handling.....	74
Cylinder Usage.....	74
Safety Precautions for Engine Powered Welders .....	75
Hot Work Permit Example .....	76

## Chapter 7: **Fleet Safety**

General Rules .....	77
Inspection, Servicing, and Mechanical Repair .....	79
Trucks .....	80
Safe Driving Concepts for Accident Prevention .....	82
Hand Signals for Directing Vehicles.....	82

## Chapter 8: **Crane Operations**

Crane Operator Training (Qualifications) .....	85
Inspection Requirements.....	85
General Operation Requirements.....	86
Slings and Shackles.....	88
Standard Hand Signals for Crane Operations .....	90

## Chapter 9: **Forklift Operations**

General Operation Requirements.....	91
General Training Requirements.....	92

## Chapter 10: **Confined Space Entry Guidelines**

General.....	93
Scope and Application.....	95
Definitions.....	95
General Requirements .....	97
Posting Danger Signs.....	98

Procedures .....	98
Permit Preparation.....	99
Entry.....	100
Exit .....	101
Rescue Team.....	101
Training.....	102
Contractor Requirements .....	102
Helpful Documents for Confined Spaces.....	102

## Chapter 11: **Cold Weather Safety**

General.....	106
Effects of Cold Weather on Personnel .....	106
Cold Water Survival.....	109
Immersion Suit .....	110
Cold Weather Travel .....	110
Safe Use of Steam .....	111
General Cold Weather Safety.....	111

## Chapter 12: **Offshore Safety**

Rough Weather Procedures .....	113
Offshore Communications .....	114
Life Saving Equipment.....	115
Helicopter Safety Procedures.....	116
Crewboat Safety Procedures.....	117
Personnel Transfer With Swing Rope .....	117
Personnel Transfer With Personnel Carriers .....	118
Medical Evacuations .....	120
Working Over Water .....	121
Cargo Handling Guidelines for Offshore.....	121
Muster List (Station Bill) .....	125
Emergency Signals .....	126
Emergency Drills .....	126

---

Man-Overboard Drills .....	128
Fire Drills .....	129
Lifeboat Launching Drills .....	130
Abandon Rig Drill .....	131

## Chapter 13: **Hydrogen Sulfide**

General.....	132
Initiation of (H <sub>2</sub> S) Procedure .....	132
Applicability .....	133
Training.....	133
Rescue/First Aid Procedures—Hydrogen Sulfide .....	134
Detection .....	134
Properties of H <sub>2</sub> S.....	135
H <sub>2</sub> S Exposure Limits.....	135
Toxicity of H <sub>2</sub> S .....	135
Breathing Equipment (SCBA).....	136

## Chapter 14: **Protection of the Environment**

General.....	137
Spill Prevention and Control .....	137
Drilling Site Environmental Considerations .....	137
Material Storage .....	138
Waste Management .....	138
Air Emissions .....	142
Camp Expectations .....	142
Noise .....	143
Sumps .....	143
Recommended Maintenance Practices .....	143
Groundwater Protection.....	144
Naturally Occurring Radioactive Material (NORM).....	144
Storage Tanks.....	144

## Chapter 15: **Emergency Action Plan(s)**

General.....	145
Minimum Elements of Emergency Action Plan(s).....	145
Medical Emergency Action Plan.....	146
Media Crisis Communication.....	146
First Aid and CPR Training and Supplies.....	146
Emergency First Aid .....	147
Fire Emergency Plan .....	148
Hydrogen Sulfide/Gas Alert Procedures .....	150

## Chapter 16: **Dropped Object Prevention**

General.....	151
Equipment Inventory .....	151
Fastening Requirements for Equipment in Derrick/Mast .....	152
Derrick/Mast Equipment Guidelines .....	152
Temporary Equipment In Derrick/Mast.....	154
Sample Derrick/Mast Permanent Equipment Inventory.....	155

## Chapter 17: **Well Servicing**

Well Servicing Units .....	157
General.....	159
Swabbing.....	160
Well Testing .....	160
Wireline Operations .....	161
Acidizing .....	161
Formation Fracturing and High Pressure Pumping.....	162
Gun Perforating and Percussive Sampling .....	163
Guy Lines and Anchoring Systems .....	164
Pumping Units .....	166

**Chapter 18: Air and Gas Drilling**  
General.....170

**Chapter 19: Personnel Hoisting Operations**  
General.....172  
Alternative Methods.....172  
Job Safety Analysis/Pre-Job Checklist.....172  
Pre-Job Safety Meeting .....172  
Harnesses and Associated Equipment .....172  
Connecting Devices .....173  
Winches and Lifting System .....173  
Secondary Independent—Connection Fall Protection.....174  
Personnel Lifting Operations .....174  
Winch Operators.....175  
Additional Information.....176  
Man-Riding Winch Signals .....176

**Chapter 20: Fall Protection**  
General.....177  
General Fall Prevention .....177  
Fall Arrest System vs. Fall Restraint System.....178  
Key Requirements for Fall Arrest Systems .....178  
Work at a Height.....179  
Fall Restraint System and Equipment .....179  
Illustrations .....181
